

Preliminary Announcement

Ministry of Education and Science of the Russian Federation
Saint-Petersburg State University
Russian Foundation for Basic Research
St. Petersburg State University of Information Technologies, Mechanics and Optics
Photochemistry Center RAS
Institute of Problems of Chemical Physics RAS

The 3-rd International Symposium
«MOLECULAR PHOTONICS»
dedicated to academician
A.N. Terenin

June 24 – 29, 2012
Repino, St. Petersburg, RUSSIA

SYMPOSIUM TOPICS:

- Optical spectroscopy and photochemical processes in molecular and supramolecular systems
- Electron and energy transfer in molecular systems
- Gas-phase photoprocesses
- Photochemical processes in heterogeneous systems and heterogeneous photocatalysis
- Photonics of model biological systems and biological molecules
- Photonics of molecular nano-systems
- Photochromism of organic compounds
- Applied molecular photonics

The exhibition and workshop with participation of Russian and foreign companies are planned to run during the Symposium.

Symposium will be held at a picturesque resort place on the coast of the Finnish Gulf.

Social event includes visits of historical sights of Saint-Petersburg and its suburbs: park-and-palace ensembles of Peterhof, Tsarskoye Selo, Gatchina and other.

For more information please visit the Symposium website: www.onlinereg.ru/mph2012
